

April 2013 JOHS Committee Session

Focus of Sessions and Open Actions Review

JOHSC Session Focus

- Provide Opportunity for Exchange of Information between JOHS Committees and with C-NLOPB
- Collective Discussion of Opportunities for Improving Safety in our Offshore Oil and Gas Industry
- Sharing of Initiatives aimed at Improving Safety in our Offshore Oil and Gas Industry
- Sharing of Lessons Learned from Incidents

Open Actions Carried Forward from 2011 Session Minutes

- **Continue development of new training course for committees with attention to comments and suggestions made**
 - Continue to progress. **OPEN**
- **Examine issue of low attendance at these meetings; continue to encourage operators to support participation**
 - Oct 2012 attendance - 19 persons (26 registered)
 - Average attendance for 2008-2011 – 21 to 24 persons
 - 23 registered for this session.
 - Will be further discussed later in today's session. **OPEN**

Top Three Areas of Improvement in Safety/Risk Management Offshore Identified in 2012 JOHSC Session

- **Competency**
 - Increased focus during recent MODU Reviews
 - Focus of Audit for ALL facilities in April-July 2013
- **Fatigue Management**
 - Key focus of Safety Forum
 - Dr. Sardana presenting on this topic later today
- **Maintenance and Integrity**
 - Overview during Q1 2013 Inspections resulting in re-assessment of priority for Focused Audit in current fiscal year's schedule
 - Will be subject of Review/Discussion with Certifying Authorities
 - Impairment of Safety Critical Equipment is to be Reported to C-NLOPB, and therefore JOHSC, as per Incident Reporting Guidelines

JOHSC Session

Improvement Opportunities

Raised during 2012 JOHSC Session

- **Time for Committees to Talk with Each Other at these JOHSC Sessions**
 - Agenda now gives time for Committees to have Open Discussion
- **Too Few Offshore Management in Attendance**
 - Discussed during Q4 2012 Operator/C-NLOPB Quarterly Meeting
